Dear friend

I am anxious lest the article should not reach the Standard in time for this week. but it is now too late for me to influence it.

S. Pugh wishes me to say that she has rec<sup>d</sup> the package of circulars & will distribute them if you would send her 75 or 100 of blank ones, she could use them to advantage.

I see by the last Liberator that you have another letter from Clarkson. What shall I do to get the MSS? If you want it as much as I do you will not let me have it at all & will very good naturedly bear a refusal. I hope you will not let delicate present you from saying I cannot have it.  
Yours truly E. M. D.

I have sent two letters to you within the last 10 days by the American Mail & I hear you are not in town. I fear you have not rec<sup>d</sup> them. are you tamely an answer to my of 22<sup>nd</sup> Early

6<sup>th</sup> mo 1844.

E. M. Davis.
